

To our valued customers, resorts, and wholesalers,

Please be advised that in our effort to maintain our Care Fiji Commitment and adhere to COVID Safe Measures regulated by the Fiji Government and Health Authorities, Pacific Island Air will be suspending the sale of INDIVIDUAL SEATS until further notice.

Individual seats were previously available on scheduled flights which serviced resorts along the Coral Coast corridor, Mamanuca Island and Yasawa Island chains.

Pacific Island Air has suspended these scheduled flights and will now operate on a **'CLOSED CHARTER' BASIS ONLY.**

A 'Closed Charter' will involve the hiring of the aircraft for the duration of the return flight from our base of operations in Nadi to the destination of choice.

Operating on a closed charter basis will ensure that couple's / family's / group travel bubble is maintained and to maintain social distancing requirements.

It will also ensure that Pacific Island Air can maintain a strict cleaning protocol where the aircraft is sanitized before and after each flight to ensure the safety of our passengers.

While we regret any inconvenience caused by this change in our operations, our current priority is to reduce the spread of the COVID-19 virus throughout Fiji and provide a safe travel experience for all our valued customers.

For any further questions regarding our COVID-19 Safe Operating Practices or Charter Rates to your destination, please contact 679 672 5644 or email operations@pacificislandair.com

We thank you for your continued support and look forward to seeing you on your next flight.
